

A Regional Distribution of $T_2 - T_1$

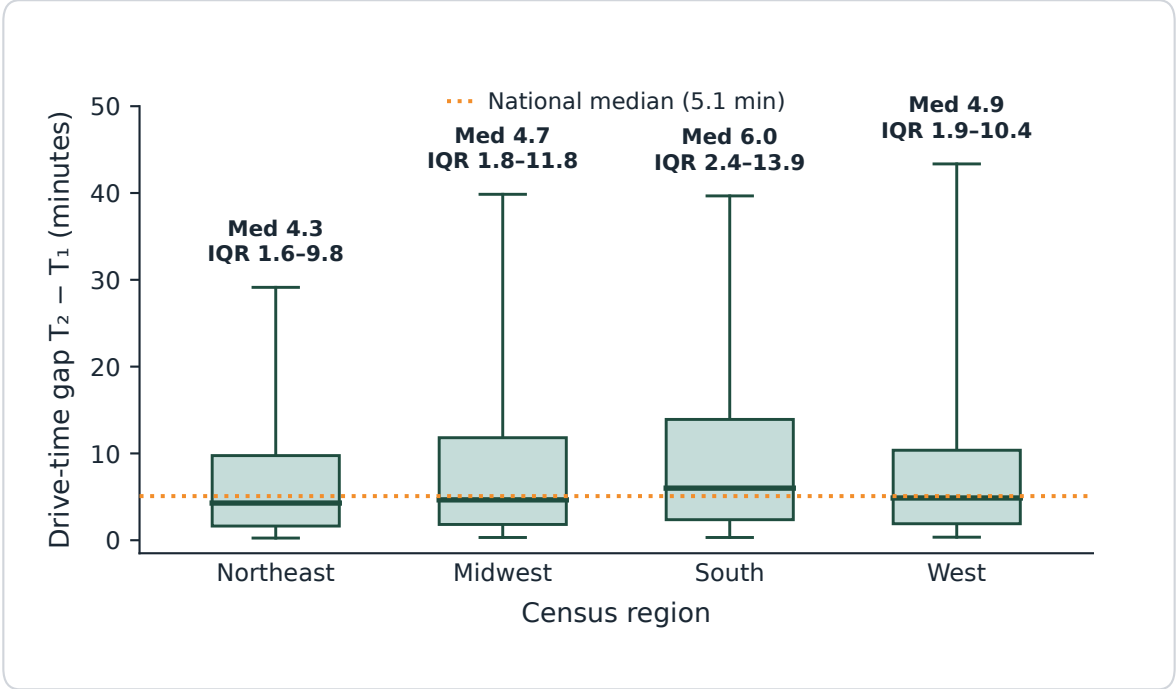

Figure 3A. Population-weighted $T_2 - T_1$ by Census region. Boxes show interquartile range with median line; whiskers span the 5th-95th percentiles.

B Cumulative U.S. Adult Population by Drive-Time Gap ($T_2 - T_1$)

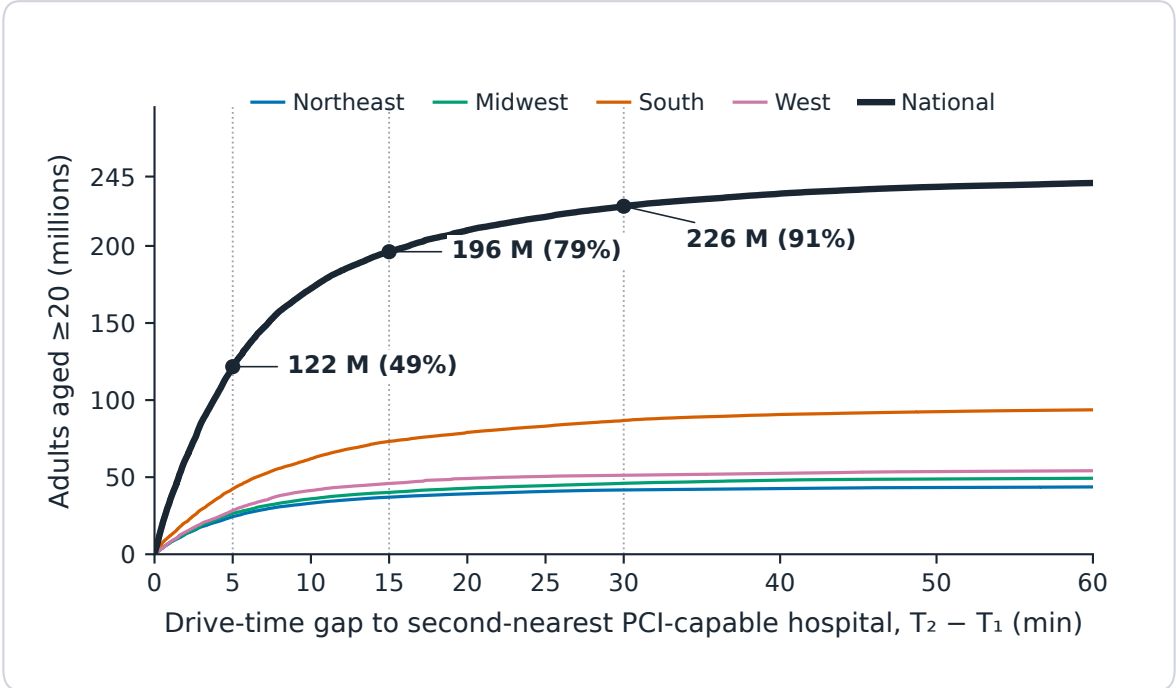

Figure 3B. Cumulative U.S. adult population by $T_2 - T_1$; reference lines drawn at 5, 15, and 30 minutes. T_1 , T_2 = drive time to nearest and second-nearest PCI hospital. PCI = percutaneous coronary intervention.
